COMSAE Phase 2****NATIONAL BOARD OF OSTEOPATHIC MEDICAL EXAMINERS, INC.****COMPREHENSIVE OSTEOPATHIC MEDICAL SELF-ASSESSMENT EXAMINATION PHASE 2****PERFORMANCE PROFILE REPORT**[Review All](#)[Review Incorrect](#)

Name: Chayanne Robinson-Mendoza

Test Date: 6/8/2024

Form Code: BSA108b

Standard Score: 419

Comprehensive Osteopathic Medical Self-Assessment Examination (COMSAE) Phase 2 is a tool that can be used by examinees to assess areas of relative strength and weakness in relation to content areas (i.e., disciplines, competency domains, and clinical presentations). The standard score shown above reflects the examinee's overall performance on this COMSAE.

The performance profiles below provide information on an examinee's performance with respect to each discipline (e.g., family medicine), competency domain (e.g., osteopathic patient care and procedural skills), and clinical presentation (e.g., musculoskeletal system). The examinee may use the profiles to assess his/her areas of relative strength and weakness. The middle of the bar indicates the examinee's subscore, and the width of the bar reflects the level of measurement precision (i.e., narrower bars reflect greater precision).

Performance bars in the center correspond to average performance. Performance bars positioned on the left correspond to lower performance, and performance bars on the right correspond to higher performance.

Discipline

	Lower Performance	Average Performance	Higher Performance
Emergency Medicine			
Family Medicine			
Internal Medicine			
Obstetrics/Gynecology			
Osteopathic Principles and Practice			
Pediatrics			
Psychiatry			
Surgery			

Competency Domain

Lower	Average	Higher
