Dr. Naeemah Zalaana Logan

ABIM BOARD OF DIRECTORS

Rajeev Jain, MD
Chair

10/03/2023
ABIM ID: 362810

Robert O. Roswell, MD
Chair-Elect

Dear Dr. Logan:

Erica N. Johnson, MD
Secretary

I am sorry to inform you that you did not pass your 2023 Internal Medicine Certification Examination.

C. Seth Landefeld, MD
Treasurer

I'm sure that this result is disappointing to you, and I encourage you to review the attached Score Report carefully. The Score Report provides you with details about your exam performance and can help you identify the content areas on which you need to focus as you prepare for your next exam.

Abha Agrawal, MD

To find out whether you are eligible to apply for the next administration of the Internal Medicine Certification Examination, view the My Exams section of your ABIM Physician Portal. You should also be aware of ABIM's [Board Eligibility policy](#) that may restrict your ability to take the exam again.

Vineet Arora, MD

M. Safwan Badr, MD

Roger W. Bush, MD

If you have questions, please call 1-800-441-ABIM (2246), Mon. - Fri., 8:30 a.m. to 6 p.m. ET, or [send us an email](#).

Krisda Chaiyachati, MD
Carladenise A. Edwards, PhD

Yul Ejnes, MD

Respectfully,

Alicia Fernandez, MD

Megan M. Koepke, MHA

Robert D. Siegel, MD

Richard J. Baron, MD, MACP

President and CEO

Report for **NAEEMAH ZALAANA LOGAN**

ABIM ID:
362810

Internal Medicine
Administration Date: Summer 2023

FAIL

Your Score:
333

INTERPRETATION OF OVERALL PERFORMANCE

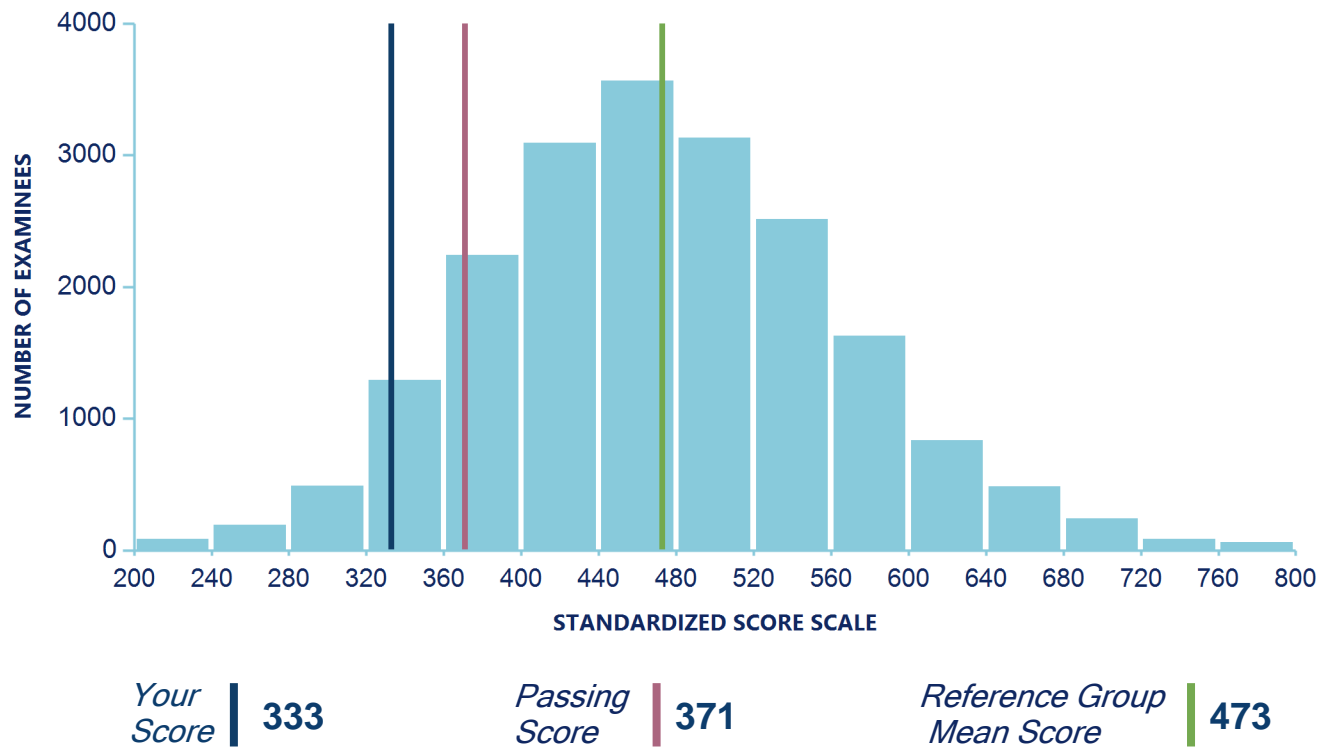

The American Board of Internal Medicine Internal Medicine Initial Certification Examination is a standardized test that ensures all examinees experience the same level of difficulty to successfully complete the exam. Overall performance is reported on a standardized scale ranging from 200 to 800 points. Your performance on the entire exam determines the exam pass-fail decision. To pass the exam, your standardized score must equal or exceed the **standardized passing score** of 371. The links below provide more information related to understanding your overall performance.

More Information

- [Passing Scores](#)
- [Standard Error of Measurement](#)
- [Content Area Subscores](#)
- [Reference Group Information](#)
- [Test Standardization](#)
- [Exam Blueprint](#)
- [Standardized Score Scale](#)

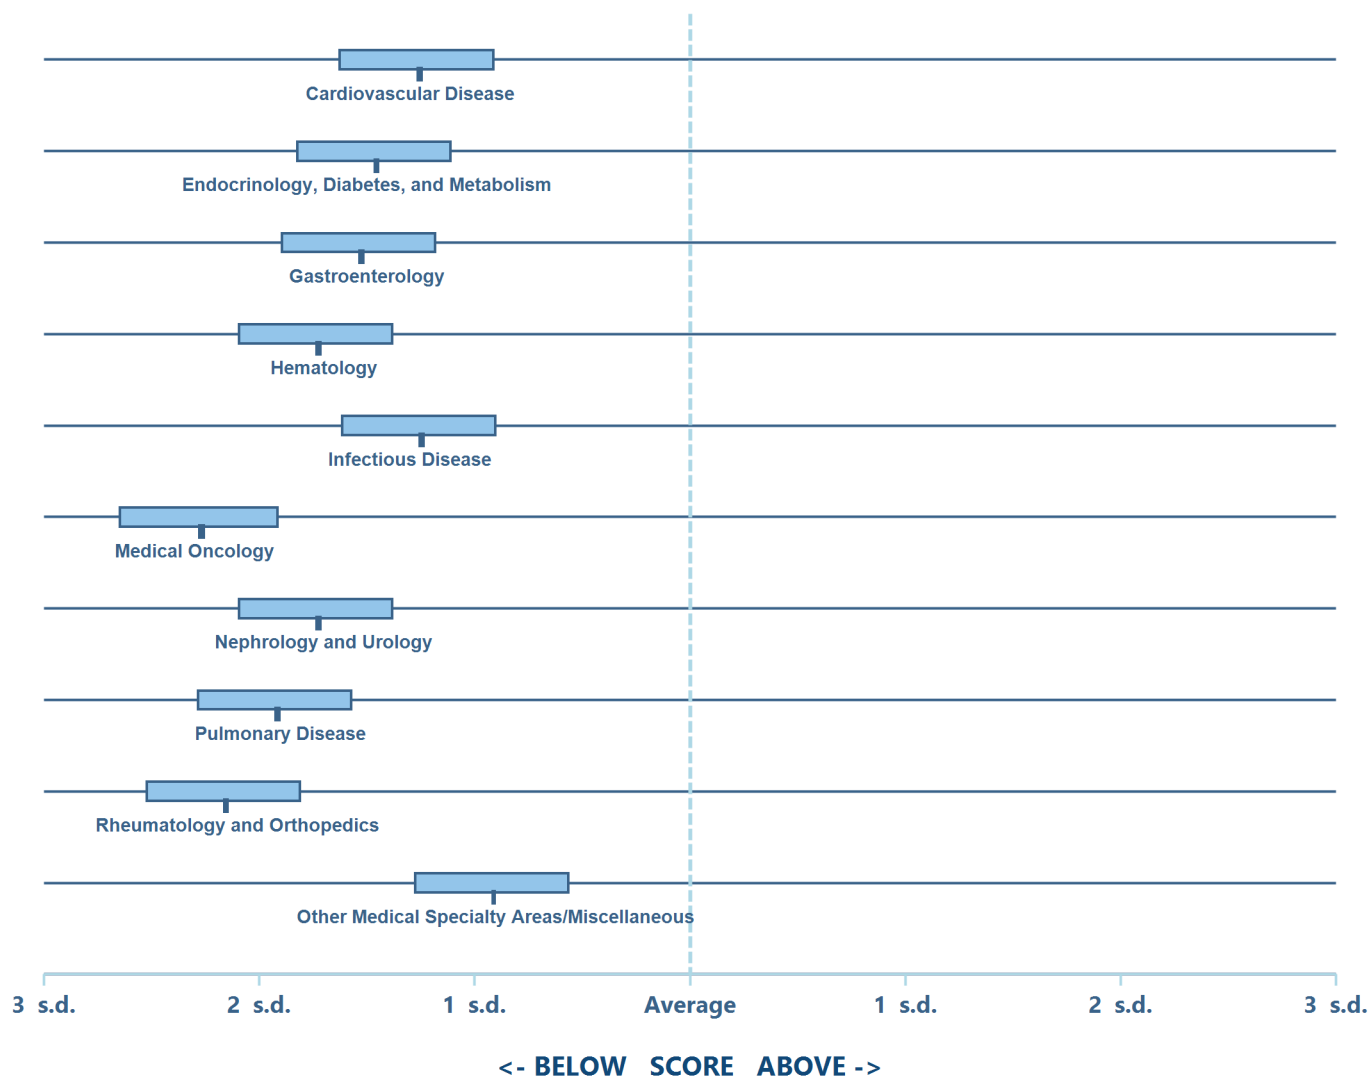

YOUR OVERALL PERFORMANCE

The graph below shows your performance relative to both the standardized passing score and to a reference group of first-time taker examinees who took this exam in recent years. Because the reference group includes data from multiple administrations, you cannot accurately infer specific overall pass rates for this administration of this exam from this report. More information on specific annual [exam pass rates](#) is available on [abim.org](#).

YOUR PERFORMANCE BY MEDICAL CONTENT AREAS

The table below is an overview of your relative strengths and weaknesses in the medical content areas as assessed by your performance on the exam. Your standardized score in each medical content area is reported in standard deviation units above and below the reference group average (vertical dotted line). Due to the limited number of questions in each content area, content area subscores are less precise than the overall score. Narrower boxes indicate a greater level of precision in calculating your score. Because the overall score and the content area subscores are on different scales, they cannot be directly compared. Also provided on the following pages is a detailed listing of exam content, showing the blueprint content description and cognitive task that you missed in each area.

Cardiovascular Disease

BLUEPRINT DESCRIPTION	TASK
Hypertension Essential hypertension [2 questions]	Treatment/Care Decisions
Hypertension Hypertensive urgency and emergency	Diagnosis
Ischemic heart disease Other ischemic heart disease (coronary artery disease, spasm)	Testing
Dysrhythmias and conduction defects Conduction defects	Diagnosis
Dysrhythmias and conduction defects Bradyarrhythmias	Treatment/Care Decisions
Valvular heart disease Aortic stenosis	Diagnosis
Syncope Orthostatic hypotension	Treatment/Care Decisions

Endocrinology, Diabetes, and Metabolism

BLUEPRINT DESCRIPTION	TASK
Adrenal disorders Adrenal masses and nodules	Testing
Lipid disorders Hypertriglyceridemia (not including chylomicronemia)	Treatment/Care Decisions
Diabetes mellitus Type 2 diabetes mellitus [2 questions]	Treatment/Care Decisions
Disorders of calcium metabolism and bone Hypercalcemia	Testing
Disorders of calcium metabolism and bone Osteoporosis	Testing

Gastroenterology

BLUEPRINT DESCRIPTION	TASK
Esophageal disease Barrett esophagus	Diagnosis
Small intestinal disease Bacterial overgrowth syndrome	Treatment/Care Decisions
Colonic and anorectal disease Colorectal cancer screening	Treatment/Care Decisions
Pancreatic disease Acute pancreatitis	Testing
Liver disease Fatty liver and nonalcoholic steatohepatitis	Treatment/Care Decisions
Gastrointestinal complications of HIV infection	Diagnosis

Hematology

BLUEPRINT DESCRIPTION	TASK
Hypoproliferative anemia Iron deficiency anemia	Diagnosis
Hemolytic anemia Autoimmune hemolytic anemia	Testing
Hemoglobinopathies and thalassemias Thalassemias	Diagnosis
Hemoglobinopathies and thalassemias Hemoglobinopathies	Diagnosis
Hemoglobinopathies and thalassemias Hemoglobinopathies	Treatment/Care Decisions
Coagulation factor disorders and thrombotic disorders Coagulation factor deficiencies	Diagnosis
Myeloproliferative disorders Polycythemia vera and other erythrocytosis	Diagnosis

Infectious Disease

BLUEPRINT DESCRIPTION	TASK
Skin and soft tissue infections Herpes zoster and varicella	Treatment/Care Decisions
Endocarditis and other cardiovascular infections Catheter-related infections	Testing
Endocarditis and other cardiovascular infections Catheter-related infections	Treatment/Care Decisions
Hepatic infections Cholecystitis	Treatment/Care Decisions
Hepatic infections Cholangitis	Treatment/Care Decisions
Specific causative organisms Ectoparasites (including lice and scabies)	Diagnosis

Medical Oncology

BLUEPRINT DESCRIPTION	TASK
Lung cancer (clinical presentation and diagnosis)	Testing
Gastrointestinal or hepatic cancer Esophageal carcinoma	Testing
Gynecologic cancer Cervical cancer	Testing
Skin cancer Melanoma and nevi	Testing
Hematologic malignancies Plasma cell disorder	Diagnosis
Hematologic malignancies Plasma cell disorder	Testing
Oncologic emergencies Cardiac tamponade from neoplastic pericarditis	Testing

Nephrology and Urology

BLUEPRINT DESCRIPTION	TASK
Acute kidney injury Toxic kidney injury	Diagnosis
Urologic cancer screening	Testing
Other urologic disorders Scrotal and testicular nodules and masses other than testicular carcinoma	Diagnosis
Water and electrolyte balance Hyperkalemia	Treatment/Care Decisions

Pulmonary Disease

BLUEPRINT DESCRIPTION	TASK
Obstructive airway disease General asthma	Diagnosis
Obstructive airway disease General asthma	Treatment/Care Decisions
Obstructive airway disease Chronic bronchitis and emphysema	Testing
Interstitial lung disease Idiopathic pulmonary fibrosis	Diagnosis
Interstitial lung disease Sarcoidosis	Treatment/Care Decisions
Pulmonary vascular disease Pulmonary embolism	Testing
Pleural disease Noninfectious pleural effusion	Diagnosis
Evaluation of common pulmonary symptoms Cough	Treatment/Care Decisions
Evaluation of common pulmonary symptoms Dyspnea	Testing

Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Crystal-induced arthropathy Gout	Treatment/Care Decisions
Crystal-induced arthropathy Pseudogout	Treatment/Care Decisions
Regional musculoskeletal syndromes Hip and pelvic pain	Diagnosis
Regional musculoskeletal syndromes Knee syndromes	Diagnosis
Spondyloarthropathies Ankylosing spondylitis	Testing
Systemic lupus erythematosus (SLE) General clinical presentation	Diagnosis
Vasculitis Large-vessel vasculitis	Testing
Other primary rheumatic disorders Fibromyalgia	Treatment/Care Decisions
Infectious arthritis	Diagnosis
Osteoarthritis	Diagnosis
Sports injuries and trauma	Diagnosis
Charcot-Marie-Tooth disease	Diagnosis
Mixed connective tissue disease	Diagnosis

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Dermatology Dermatitis (eczemas) Stasis dermatitis	Treatment/Care Decisions
Dermatology Dermatitis (eczemas) Drug eruptions	Diagnosis

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Neurology Cerebrovascular disease (without specific diagnosis) Stroke	Testing
Neurology Headache and facial pain Primary headache	Treatment/Care Decisions
Neurology Cranial neuropathy Bell palsy and other facial nerve disorders	Diagnosis
Neurology Diseases of muscle and neuromuscular junction Myasthenia gravis and Lambert-Eaton syndrome	Diagnosis
Otolaryngology and Dental Medicine Diseases of the ear Presbycusis and other hearing loss	Diagnosis
Psychiatry Substance use disorder	Treatment/Care Decisions
Psychiatry Sexual disorders and gender dysphoria	Treatment/Care Decisions
Geriatric Syndromes Incontinence in the elderly	Testing

RESCORE INFORMATION

ABIM's scoring process is a meticulous one and includes a rigorous set of quality control steps to verify the accuracy of results for every examinee. We have taken all the appropriate steps to verify the accuracy of your results. It is very unlikely that an error occurred in retrieving your answers from the computer or scoring your exam. However, you may request a rescore for a fee of \$250. Bear in mind that given the quality controls in the scoring process, a rescore is unlikely to change the outcome of your exam results. [See additional information on how exams are scored, including the rescoring process.](#)
