The chart below represents the performance of a 2023 national cohort of students from LCME-accredited medical schools. Your total equated percent this CBSSA exam is shown along with a range that corresponds to low passing performance (above but near the minimum passing standard) on the L Examination® (USMLE®) Step 1.

Based on your performance on this CBSSA, your estimated probability of passing Step 1 if you test within a week is 11%.
