Dr. Hamerton Jeanty

10/11/2021
ABIM ID: 360399

Dear Dr. Jeanty:

I am sorry to inform you that you did not pass your 2021 Internal Medicine Certification Examination.

I'm sure that this result is disappointing to you, and I encourage you to review the attached Score Report carefully. The Score Report provides you with details about your exam performance and can help you identify the content areas on which you need to focus as you prepare for your next exam.

To find out whether you are eligible to apply for the next administration of the Internal Medicine Certification Examination, view the My Exams section of your ABIM Physician Portal. You should also be aware of ABIM's [Board Eligibility policy](#) that may restrict your ability to take the exam again.

If you have questions, please call 1-800-441-ABIM (2246), Mon. - Fri., 8:30 a.m. to 6 p.m. ET, or [send us an email](#).

Respectfully,

Richard J. Baron, MD, MACP

President and CEO

Report for **HAMERTON JEANTY**

ABIM ID:

Internal Medicine
Administration Date: Summer 2021

FAIL

Your Score:
319

INTERPRETATION OF OVERALL PERFORMANCE

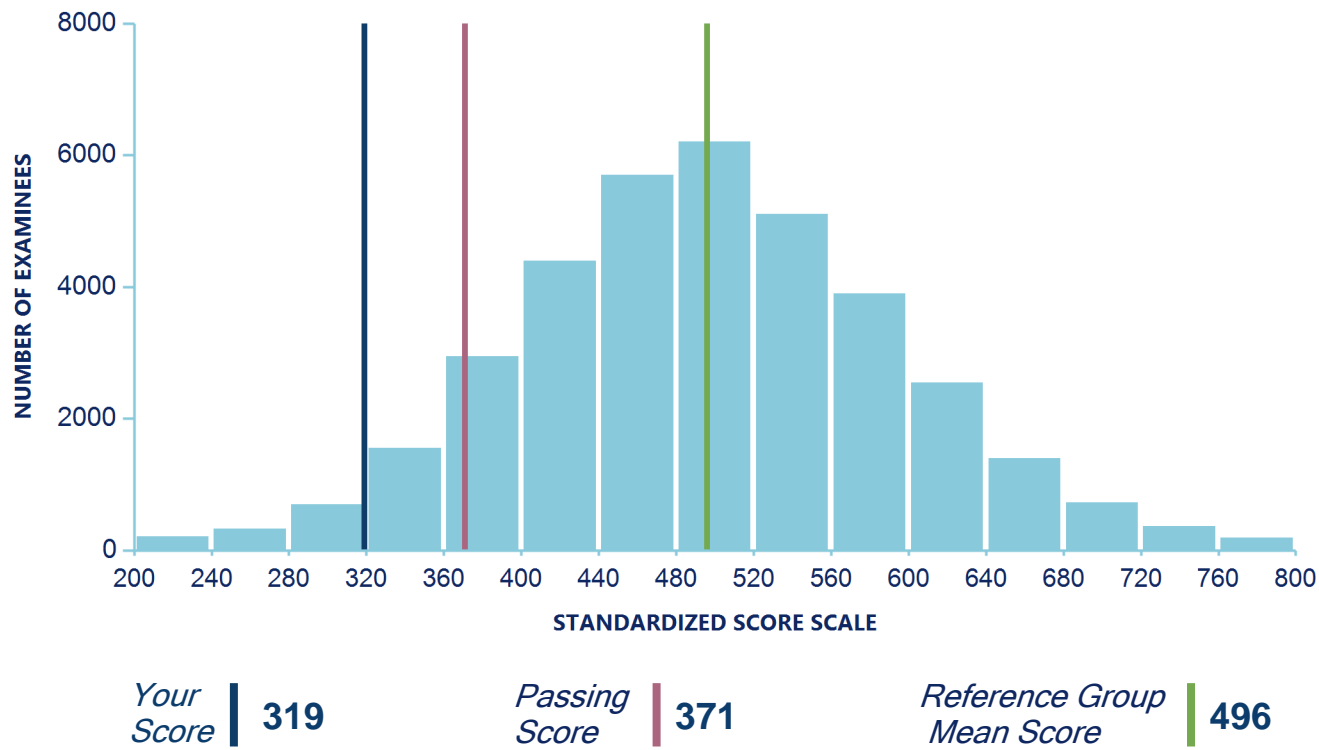

The American Board of Internal Medicine Internal Medicine Initial Certification Examination is a standardized test that ensures all examinees experience the same level of difficulty to successfully complete the exam. Overall performance is reported on a standardized scale ranging from 200 to 800 points. Your performance on the entire exam determines the exam pass-fail decision. To pass the exam, your standardized score must equal or exceed the **standardized passing score** of 371. The links below provide more information related to understanding your overall performance.

More Information

- [Passing Scores](#)
- [Standard Error of Measurement](#)
- [Content Area Subscores](#)
- [Reference Group Information](#)
- [Test Standardization](#)
- [Exam Blueprint](#)
- [Standardized Score Scale](#)

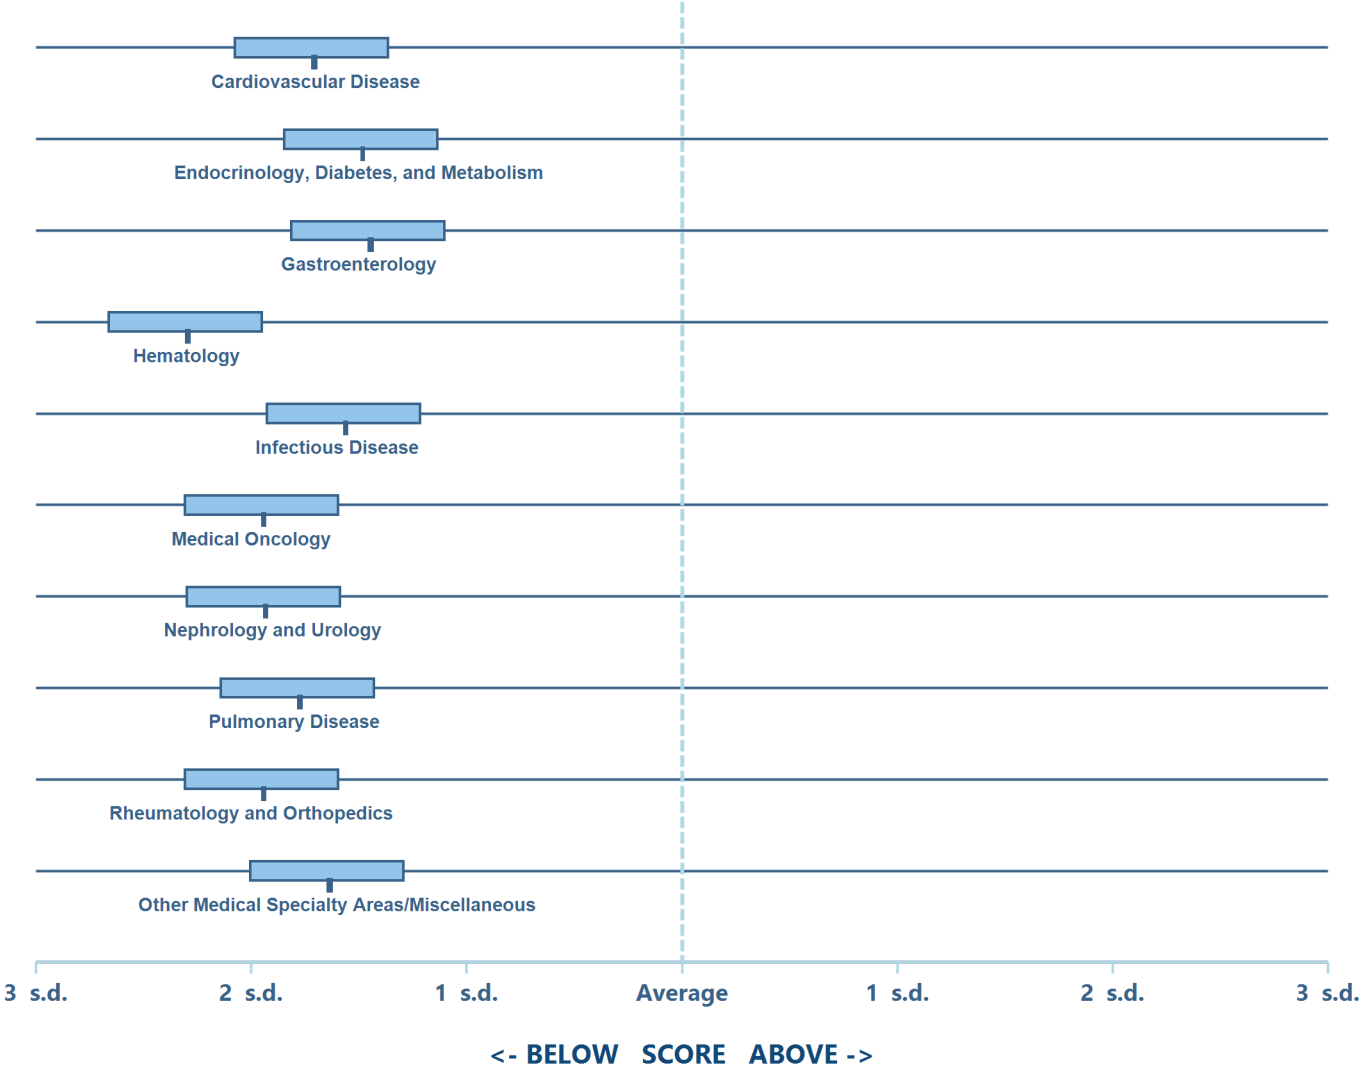

YOUR OVERALL PERFORMANCE

The graph below shows your performance relative to both the standardized passing score and to a reference group of first-time taker examinees who took this exam in recent years. Because the reference group includes data from multiple administrations, you cannot accurately infer specific overall pass rates for this administration of this exam from this report. More information on specific annual [exam pass rates](#) is available on [abim.org](#).

YOUR PERFORMANCE BY MEDICAL CONTENT AREAS

The table below is an overview of your relative strengths and weaknesses in the medical content areas as assessed by your performance on the exam. Your standardized score in each medical content area is reported in standard deviation units above and below the reference group average (vertical dotted line). Due to the limited number of questions in each content area, content area subscores are less precise than the overall score. Narrower boxes indicate a greater level of precision in calculating your score. Because the overall score and the content area subscores are on different scales, they cannot be directly compared. Also provided on the following pages is a detailed listing of exam content, showing the blueprint content description and cognitive task that you missed in each area.

Cardiovascular Disease

BLUEPRINT DESCRIPTION	TASK
Ischemic heart disease Stable angina pectoris	Risk Assessment/Prognosis/Epidemiology
Ischemic heart disease Acute coronary syndrome (ACS) STEMI	Diagnosis
Valvular heart disease Mitral stenosis	Diagnosis
Myocardial disease Hypertrophic cardiomyopathy with and without obstruction	Diagnosis
Myocardial disease Cor pulmonale	Treatment/Care Decisions
Endocarditis and other cardiovascular infection Endocarditis	Diagnosis
Syncope Postural hypotension	Treatment/Care Decisions
Preoperative consultation No testing required	Testing

Endocrinology, Diabetes, and Metabolism

BLUEPRINT DESCRIPTION	TASK
Adrenal disorders Adrenal insufficiency	Testing
Thyroid disorders Hypothyroidism Undifferentiated hypothyroidism	Treatment/Care Decisions
Testes and male reproductive health Male hypogonadism	Diagnosis
Diabetes mellitus Type 2 diabetes mellitus	Treatment/Care Decisions

Endocrinology, Diabetes, and Metabolism

BLUEPRINT DESCRIPTION	TASK
Disorders of calcium metabolism and bone Hypercalcemia Primary hyperparathyroidism	Testing

Gastroenterology

BLUEPRINT DESCRIPTION	TASK
Esophageal disease Gastroesophageal reflux	Treatment/Care Decisions
Small intestinal disease Mesenteric ischemia and ischemic colitis	Diagnosis
Liver disease Viral hepatitis Hepatitis C	Testing
Liver disease Fatty liver and nonalcoholic steatohepatitis	Treatment/Care Decisions
Liver disease Hepatocellular carcinoma	Treatment/Care Decisions

Hematology

BLUEPRINT DESCRIPTION	TASK
Hypoproliferative anemia Iron deficiency anemia	Diagnosis
Leukocyte disorders Other leukocyte disorders (marrow infiltration, myelosuppression, leukopenia, leukocytosis, eosinophilia)	Diagnosis
Platelet disorders Idiopathic thrombocytopenic purpura	Testing
Coagulation factor disorders and thrombotic disorders Coagulation factor deficiencies	Diagnosis
Coagulation factor disorders and thrombotic disorders Antiphospholipid antibody syndrome	Diagnosis
Myeloproliferative disorders Polycythemia vera and other erythrocytosis	Diagnosis

Infectious Disease

BLUEPRINT DESCRIPTION	TASK
Central nervous system (CNS) infections Epidural abscess	Testing
Central nervous system (CNS) infections Serotonin syndrome	Diagnosis
Upper respiratory tract infections Otitis media and externa	Treatment/Care Decisions
Sexually transmitted diseases and infections of reproductive organs Human papillomavirus and anogenital warts	Diagnosis
Rheumatic fever	Testing
Specific causative organisms Protozoan and helminthic diseases	Diagnosis

Medical Oncology

BLUEPRINT DESCRIPTION	TASK
Breast cancer	Testing
Breast cancer	Treatment/Care Decisions
Gynecologic cancer Ovarian cancer	Testing
Gynecologic cancer Cervical and uterine cancer	Diagnosis
Hematologic malignancies Acute leukemia Acute lymphocytic leukemia	Diagnosis
Cancer screening Breast cancer	Testing
Complications of cancer and its treatment Nausea and vomiting	Testing

Nephrology and Urology

BLUEPRINT DESCRIPTION	TASK
Acute renal failure Toxic kidney injury Myeloma-associated kidney failure	Diagnosis
Chronic kidney disease Kidney dialysis	Treatment/Care Decisions
Nephrolithiasis	Testing
Prostate disorders Prostate carcinoma	Testing
Water and electrolyte balance Respiratory acidosis	Diagnosis

Pulmonary Disease

BLUEPRINT DESCRIPTION	TASK
Obstructive airway disease General asthma Allergic bronchopulmonary aspergillosis	Diagnosis
Obstructive airway disease General asthma Undifferentiated asthma	Treatment/Care Decisions
Pulmonary vascular disease Pulmonary embolism	Treatment/Care Decisions
Bronchiectasis	Diagnosis
Congenital lung disease Alpha-1-antitrypsin deficiency	Testing
Lung cancer Undifferentiated lung cancer	Diagnosis

Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Localized joint syndromes Knee syndromes Anserine bursitis	Diagnosis

Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Systemic lupus erythematosus (SLE) Undifferentiated systemic lupus erythematosus	Diagnosis
Other primary rheumatic disorders Fibromyalgia	Treatment/Care Decisions
Metabolic and other bone disease Osteoporosis Osteoporosis in women	Treatment/Care Decisions
Metabolic and other bone disease Avascular necrosis and osteonecrosis	Testing
Osteoarthritis	Diagnosis

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Allergy and Immunology Urticaria and angioedema Contrast-related allergy	Testing
Allergy and Immunology Primary immunodeficiency disorders Primary humoral immunodeficiency	Testing
Dermatology Acne and rosacea Rosacea	Treatment/Care Decisions
Dermatology Papulosquamous dermatoses Lichen planus	Diagnosis
Dermatology Nodules and tumors of the skin Squamous cell carcinoma of the skin	Diagnosis
Miscellaneous Primarily safety and quality improvement	Diagnosis
Neurology Seizures	Testing

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Obstetrics and Gynecology Menopause - management, risks, and benefits of therapy [2 questions]	Treatment/Care Decisions
Obstetrics and Gynecology Family planning and reproductive health	Treatment/Care Decisions
Ophthalmology Retinal disease Roth spot	Testing
Otolaryngology and Dental Medicine Neoplasms of the head and neck	Diagnosis
Psychiatry Mood disorders Bipolar disorder	Treatment/Care Decisions
Psychiatry Sexual disorders and gender dysphoria	Treatment/Care Decisions
Psychiatry Neuroleptic malignant disorder	Diagnosis
Geriatric Syndromes Nutrition in the elderly	Treatment/Care Decisions
Geriatric Syndromes Psychiatry in the elderly Sleep disorders in the elderly	Treatment/Care Decisions
Geriatric Syndromes Psychiatry in the elderly Neuropsychological testing of the elderly	Testing

RESCORE INFORMATION

ABIM's scoring process is a meticulous one and includes a rigorous set of quality control steps to verify the accuracy of results for every examinee. We have taken all the appropriate steps to verify the accuracy of your results. It is very unlikely that an error occurred in retrieving your answers from the computer or scoring your exam. However, you may request a rescore for a fee of \$250. Bear in mind that given the quality controls in the scoring process, a rescore is unlikely to change the outcome of your exam results. [See additional information on how exams are scored, including the rescoring process.](#)
