Dr. Shree Ramakant Mulay

10/11/2022
ABIM ID: 366031

Dear Dr. Mulay:

I am sorry to inform you that you did not pass your 2022 Internal Medicine Certification Examination.

I'm sure that this result is disappointing to you, and I encourage you to review the attached Score Report carefully. The Score Report provides you with details about your exam performance and can help you identify the content areas on which you need to focus as you prepare for your next exam.

To find out whether you are eligible to apply for the next administration of the Internal Medicine Certification Examination, view the My Exams section of your ABIM Physician Portal. You should also be aware of ABIM's [Board Eligibility policy](#) that may restrict your ability to take the exam again.

If you have questions, please call 1-800-441-ABIM (2246), Mon. - Fri., 8:30 a.m. to 6 p.m. ET, or [send us an email](#).

Respectfully,

Richard J. Baron, MD, MACP

President and CEO

Report for **SHREE RAMAKANT MULAY**

ABIM ID:
366031

Internal Medicine
Administration Date: Summer 2022

FAIL

Your Score:
332

INTERPRETATION OF OVERALL PERFORMANCE

The American Board of Internal Medicine Internal Medicine Initial Certification Examination is a standardized test that ensures all examinees experience the same level of difficulty to successfully complete the exam. Overall performance is reported on a standardized scale ranging from 200 to 800 points. Your performance on the entire exam determines the exam pass-fail decision. To pass the exam, your standardized score must equal or exceed the **standardized passing score** of 371. The links below provide more information related to understanding your overall performance.

More Information

- [Passing Scores](#)
- [Standard Error of Measurement](#)
- [Content Area Subscores](#)
- [Reference Group Information](#)
- [Test Standardization](#)
- [Exam Blueprint](#)
- [Standardized Score Scale](#)

YOUR OVERALL PERFORMANCE

The graph below shows your performance relative to both the standardized passing score and to a reference group of first-time taker examinees who took this exam in recent years. Because the reference group includes data from multiple administrations, you cannot accurately infer specific overall pass rates for this administration of this exam from this report. More information on specific annual [exam pass rates](#) is available on [abim.org](#).

YOUR PERFORMANCE BY MEDICAL CONTENT AREAS

The table below is an overview of your relative strengths and weaknesses in the medical content areas as assessed by your performance on the exam. Your standardized score in each medical content area is reported in standard deviation units above and below the reference group average (vertical dotted line). Due to the limited number of questions in each content area, content area subscores are less precise than the overall score. Narrower boxes indicate a greater level of precision in calculating your score. Because the overall score and the content area subscores are on different scales, they cannot be directly compared. Also provided on the following pages is a detailed listing of exam content, showing the blueprint content description and cognitive task that you missed in each area.

Cardiovascular Disease

BLOCK	BLUEPRINT DESCRIPTION	TASK
Cardiovascular Disease	Hypertension Essential hypertension	Testing
	Ischemic heart disease Acute coronary syndrome (ACS)	Diagnosis
	Dysrhythmias and conduction defects Conduction defects	Treatment/Care Decisions
	Dysrhythmias and conduction defects Tachyarrhythmias	Treatment/Care Decisions
	Valvular heart disease Mitral stenosis	Diagnosis
	Myocardial disease Hypertrophic cardiomyopathy with and without obstruction	Diagnosis
	Endocarditis and other cardiovascular infection Endocarditis	Treatment/Care Decisions
	Vascular disease Aorta	Testing
	Vascular disease Peripheral arterial disease	Testing
	Vascular disease Venous disease of the lower extremities	Diagnosis
	Preoperative consultation Testing indicated	Treatment/Care Decisions
	Lipid disorders	Treatment/Care Decisions

Endocrinology, Diabetes, and Metabolism

BLOCK	BLUEPRINT DESCRIPTION	TASK
Endocrinology, Diabetes, and Metabolism	Adrenal disorders Adrenal insufficiency	Diagnosis

Endocrinology, Diabetes, and Metabolism

BLUEPRINT DESCRIPTION	TASK
Thyroid disorders Hypothyroidism	Testing
Lipid disorders Diet and hyperlipidemia	Treatment/Care Decisions
Diabetes mellitus Type 1 diabetes mellitus	Testing
Nutritional disorders	Treatment/Care Decisions
Women's health endocrine issues	Diagnosis

Gastroenterology

BLUEPRINT DESCRIPTION	TASK
Esophageal disease Barrett's esophagus	Treatment/Care Decisions
Stomach and duodenal disease Gastritis and gastropathy	Testing
Small intestinal disease Other small intestinal disease (diarrhea [osmotic, post-surgical, bile salt-induced, nocturnal], gastric bypass complications)	Diagnosis
Colonic and anorectal disease Ulcerative colitis	Diagnosis
Liver disease Viral hepatitis	Testing
Undiagnosed gastrointestinal hemorrhage Undiagnosed lower gastrointestinal hemorrhage	Treatment/Care Decisions

Hematology

BLUEPRINT DESCRIPTION	TASK
Hypoproliferative anemia Megaloblastic anemia	Diagnosis
Hemolytic anemia Autoimmune hemolytic anemia	Testing
Coagulation factor disorders and thrombotic disorders Coagulation factor deficiencies [2 questions]	Diagnosis

Hematology

BLUEPRINT DESCRIPTION	TASK
Myeloproliferative disorders Polycythemia vera and other erythrocytosis	Diagnosis
Myelodysplastic syndrome	Diagnosis
Transfusion medicine (principles and complications) Indications for transfusion	Treatment/Care Decisions

Infectious Disease

BLUEPRINT DESCRIPTION	TASK
Central nervous system (CNS) infections Meningitis	Diagnosis
Eye infections Conjunctivitis	Treatment/Care Decisions
Endocarditis and other cardiovascular infections Catheter-related infections	Testing
Osteomyelitis	Treatment/Care Decisions
Procedure- and device-associated infections	Testing
Prevention of infectious disease Immunization	Treatment/Care Decisions
Specific causative organisms Chlamydial diseases	Testing
Specific causative organisms Mycoses (fungal infections)	Diagnosis

Medical Oncology

BLUEPRINT DESCRIPTION	TASK
Breast cancer	Treatment/Care Decisions
Gastrointestinal or hepatic cancer Colorectal cancer	Testing
Hematologic malignancies Hodgkin's disease	Diagnosis

Medical Oncology

BLUEPRINT DESCRIPTION	TASK
Cancer screening Colorectal cancer	Risk Assessment/Prognosis/Epidemiology

Nephrology and Urology

BLUEPRINT DESCRIPTION	TASK
Glomerular disorders Other glomerular disorders (post-streptococcal, hematuria)	Diagnosis
Nephrolithiasis	Diagnosis
Water and electrolyte balance Hypokalemia	Diagnosis

Pulmonary Disease

BLUEPRINT DESCRIPTION	TASK
Obstructive airway disease General asthma	Diagnosis
Obstructive airway disease Chronic bronchitis and emphysema	Testing
Restrictive lung disease other than interstitial lung and pleural disease Chest wall disorders	Diagnosis
Interstitial lung disease Eosinophilic pneumonia	Diagnosis
Pleural disease Noninfectious pleural effusion	Diagnosis
Congenital lung disease Cystic fibrosis	Testing
Acute respiratory distress syndrome (ARDS) Fat embolism	Diagnosis
Management of ventilators	Diagnosis

Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Crystal-induced arthropathy Gout	Treatment/Care Decisions

Rheumatology and Orthopedics

BLUEPRINT DESCRIPTION	TASK
Localized joint syndromes Back pain	Treatment/Care Decisions
Localized joint syndromes Hip and pelvic pain	Diagnosis
Localized joint syndromes Knee syndromes	Diagnosis
Vasculitis Large-vessel vasculitis [2 questions]	Diagnosis
Other primary rheumatic disorders Fibromyalgia	Diagnosis
Osteoarthritis	Diagnosis
Bursitis	Diagnosis

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Dermatology Papulosquamous dermatoses Psoriasis	Diagnosis
Dermatology Skin and soft tissue infections Herpes zoster and varicella	Treatment/Care Decisions
Dermatology Skin and soft tissue infections Necrotizing soft-tissue infections and gas gangrene	Diagnosis
Neurology Seizures	Risk Assessment/Prognosis/Epidemiology
Neurology Headache Tension headache	Diagnosis
Obstetrics and Gynecology Ovarian disorders Polycystic ovary syndrome	Diagnosis

Other Medical Specialty Areas/Miscellaneous

BLUEPRINT DESCRIPTION	TASK
Obstetrics and Gynecology Pregnancy Urinary tract infections in pregnancy	Treatment/Care Decisions
Otolaryngology and Dental Medicine Diseases of the ear Presbycusis and other hearing loss	Diagnosis
Psychiatry Mood disorders Bipolar disorder	Treatment/Care Decisions
Psychiatry Substance use disorder	Treatment/Care Decisions
Psychiatry Anxiety disorders Panic disorder	Treatment/Care Decisions
Geriatric Syndromes Incontinence in the elderly	Testing

RESCORE INFORMATION

ABIM's scoring process is a meticulous one and includes a rigorous set of quality control steps to verify the accuracy of results for every examinee. We have taken all the appropriate steps to verify the accuracy of your results. It is very unlikely that an error occurred in retrieving your answers from the computer or scoring your exam. However, you may request a rescore for a fee of \$250. Bear in mind that given the quality controls in the scoring process, a rescore is unlikely to change the outcome of your exam results. [See additional information on how exams are scored, including the rescoring process.](#)
